Please remember:

1. The players, refs and some of the coaches are KIDS.
2. The coaches are volunteers
3. It's just a game!
4. We are here to have fun
5. Mistakes will be made - we are all here to learn

After week 2, parents should sit on the side of the field **OPPOSITE** of the players - if space allows. It does get cramped!

Coaches may ask a parent to sit on the bench to help with shift changes, water breaks and to help control the kids. It is very difficult to coach with so many people on the bench side, so this is why we ask that parents sit opposite the players.

The most important thing to remember is that we are here for the kids to have fun and learn the game of soccer in a safe and supportive league.
